

## Life

*Materialistic world,  
Capitalistic world,  
Here is no one sunny,  
No one honey,  
Everybody running after the money.  
Someone Beggar, his demand is 'Money'.  
Someone King, his desire is money.  
If you ask me what I wish,  
I do not need silver or gold,  
My demand is not money or diamond.  
I want to seek place in your heart,  
having no fear to be apart.  
Being indifferent from all,  
hoping all fortunes and miseries,  
facing with great deal of zeal,  
having firm believe in God.  
Who created this universe with a certain reason behind,  
the purpose is very much simple and practicable,  
humanity for human.  
Love for all, hate for none,  
not to be selfish and opportunist,  
rather be ready to sacrifice,  
so you can pleased and serve the mankind.  
Consequently God will please you.*
